

Rake in Grass releases Rampage Knights - cooperative beat 'em up with rogue-like elements

Prague, Czech Republic – 4th September, 2015

Rampage Knights is a cooperative beat 'em up game mixed up with randomized dungeon crawling and exploration which you can play alone or with a friend online.

- Singleplayer campaign or co-op for two players (online and local)
- Randomly generated environments with rogue-like elements
- Hero visually evolving with new abilities
- Dozens of spells and weapons with game changing properties
